

Dear Harbor Crab Family.

Wow...What a crazy year! If ever we needed a day of "normalcy" out fishing with family and friends, it is this year. We have been blessed each year to raise the number of scholarships donated in honor of Paul "Skippy" Ambrose and Jay Nichols, and with your head this year will be another success.

Due to COVID-19, the after party will look at little different. We will have to be cautious and abide by all current executive orders regarding masks, social distancing, and being seated while eating and drinking. No problem by now! Also new is the bass limits. Currently you can legally takes 1 fish per angler between 28 and 35 inches long. Because of the change, we are weighing TWO FISH TOTAL. Your 2 best bass between 28 inches and 35 inches will be your total weight. This will be slightly different than our normal biggest fish.

**PLEASE SPREAD THE WORD
WE NEED FISHERMEN, BASKETS,
AND SPONSORS ASAP.
HELP US KEEP OUR "FAMILY FIRST"
TOURNAMENT GOING!**

Questions?
